HCS7379 - Current Research in Autism

HCS 7379 (COMD 7379) Current Research in Autism (3 semester hours) Exploration of research theories related to Autism Spectrum Disorders (ASD) and the implications the disability has on an individual's learning, behavior and ability to process information. Topics may include: diagnostic classification, the valuation process, current theoretical models, intervention models, research on potential causes and treatments, provisions for service delivery and areas of impairment. (May be repeated for credit.) (3-0) Y (2016-02-05 21:28:29)
