III. Elective Requirements: 12 hours

Advanced Electives

All students are required to take at least six hours of advanced electives outside their major field of study. These must be either upper-division classes or lower-division classes that have prerequisites. These may be satisfied with CHEM 2323 and 2325, counted under Major Preparatory Courses.

Guided Electives (12 hours)

Business (9 hours): To be selected from any upper-level JSOM courses. If qualified, the student may select from JSOM graduate courses.
Biology (3 hours): BIOL 4380 Cell and Molecular Biology Laboratory must be taken for the Biology elective.

1. Degree is 141 hours if students are required to take NATS 1101.
2. Curriculum Requirements can be fulfilled by other approved courses from accredited institutions of
higher education. The courses listed in parentheses are recommended as the most efficient way to satisfy both Core Curriculum and Major requirements at UT Dallas.

3. A required Major course that also fulfills a Core Curriculum requirement. Hours are counted in Core Curriculum.

4. Six hours of Calculus are counted under Mathematics Core, and 2 hours of Calculus are counted as Major Preparatory Courses.

5. Indicates a prerequisite class to be completed before enrolling for upper-division classes.

6. Students may substitute MATH 2413 and MATH 2414 by taking MATH 2417 and MATH 2419.
