The program leading to the MA in History is designed both for individuals wishing to enhance their knowledge of and skills at the study of the past and for those intending to pursue a doctorate in a related field. Thus, students seeking the MA in History have two options, a "research" or a "professional" option. Students with plans for doctoral study should choose the research option. Students in the research option must complete thirty-six semester hours of coursework, demonstrate reading proficiency in an approved foreign language, and successfully complete a master's thesis.
