36 hours minimum

Degree Requirements

The Master of Science in Marketing program is designed to meet the needs of students in today's data driven marketplace, where the exponential growth in data generated from store scanners and web transactions, navigation, search, and more recently, social media requires new marketing skills and knowledge.

The Master of Science in Marketing program allows students to choose from five different tracks:

- Advertising & Brand Management
- Digital Advertising & Marketing
- Marketing Analytics and Market Research (optional Academic Certificate)
- Marketing Management
- Product Management (optional Academic Certificate)

The Master of Science in Marketing is designed for students with or without previous educational background in this area. Courses are primarily offered in the late afternoon and evenings of weekdays. Several courses are currently offered through the World Wide Web.

At least 36 hours of management coursework is required for the Master of Science degree, including nine (9) hours of business core courses, nine (9) hours of marketing core courses and 18 hours of marketing focused core courses and/or electives depending on the track chosen.

Students can obtain a dual MS and MBA degree by taking a total of 63 semester credit hours (assuming they meet all the degree requirements for both programs). Students must maintain a 3.0 grade point average in both core courses and in aggregate courses to qualify for the MS degree.
