University Requirements

All incoming first-time freshmen enrolling in The University of Texas at Dallas must complete and pass UNIV 1010 Freshman Seminar, during their first semester in attendance. UNIV 1010 is a graduation requirement for all first-time freshmen who also enroll in the corresponding school-related seminar course, i.e. ARHM 1100, BA 1100, BIS 1100, CGS 1100, CLDP 1100, EPPS 1110, NATS 1101, NSC 1100, PSY 1100, SPAU 1100, or UNIV 1100. The freshman seminar courses are designed to introduce incoming freshmen to the intellectual and cultural environment of the university and the impacts it will have on their lives as students. The courses incorporate presentations by leading UT Dallas faculty members on research developments of major current interest, small section meetings to discuss these presentations and matters of general concern to UT Dallas freshmen, and a substantial component of online learning focused on developing the strategies and tactics that will lead to successful careers at UT Dallas and beyond.

Incoming first-time freshmen pursuing a major in the Erik Jonsson School of Engineering and Computer Science must enroll and get credit for ECS 1200. They will satisfy the UNIV 1010 graduation requirement through ECS 1200 since ECS 1200 includes appropriate coverage of the UNIV 1010 content as specified by the Undergraduate Dean.

ECS 1200 may be substituted for UNIV 1010, provided students attend the large faculty lectures and complete the online learning focused on developing the strategies and tactics that will lead to successful careers at UT Dallas and beyond.

Students, including transfer students, who complete their core curriculum at UT Dallas will be required to take UNIV 2020.
