Economists study how people make choices in life when scarcity limits what is available and provides incentives to induce efficient behavior. They look at a society's financial, industrial, and labor organizations; its distribution of income and ownership rights; its governmental activities; and its political and economic philosophies, and analyze how these and other factors influence the goods an economy produces, the resources it uses in production, and the distribution of its output. They also look at how incentives affect decisions relating to human behavior, such as whether to obey the law, get married, or have children.

Economic analysis leads to explanations, predictions, and policy suggestions. How are wages and prices set? Why do some cities boom while others decline? Why do we have an energy crisis? How should we use our exhaustible resources? How will consumers and corporations react to a tax cut? How can the crime rate be reduced? If we are to use our resources efficiently, what antitrust and government regulations should be enforced? What can be done to reduce inflation and unemployment? To prevent excess pollution? To achieve economic growth? To distribute income more equitably? In examining these sorts of questions, economics helps us to understand more clearly the choices available to us and the consequences of our decisions.

There is an abundance of career opportunities for an economics major.

Careers in business include consulting, banking and other financial institutions, insurance, corporate strategic planning, real estate, journalism, management, marketing, and public utilities.

Careers in government include consulting, publicly owned utilities, planning and forecasting, regulatory agencies, management, needs assessment, legislative staffs, judicial agencies, and executive support.

Careers in the interfacing of business and government include labor arbitration, regulation, environmental planning, urban and regional planning, and interest representation.

Economics is an excellent preparation for a career in law.

Bachelor of Arts in Economics

Degree Requirements (120 hours)¹

I. Core Curriculum Requirements: 42 semester credit hours²

Communication: 6 semester credit hours

¹ https://catalog.utdallas.edu/2014/undergraduate/programs/epps/economics
²
COMM 1311 Survey of Oral and Technology-based Communication
RHET 1302 Rhetoric

Mathematics: 3 semester credit hours
One of the following:
  MATH 1306 College Algebra for the Non-Scientist
  MATH 1314 College Algebra
  STAT 1342 Statistical Decision Making

Life and Physical Sciences: 6 semester credit hours
Select any 6 semester credit hours from Life and Physical Sciences core courses (see advisor)

Language, Philosophy and Culture: 3 semester credit hours
One of the following:
  HUMA 1301 Exploration of the Humanities
  LIT 2331 Masterpieces of World Literature
  PHIL 1301 Introduction to Philosophy
  PHIL 2316 History of Philosophy I
  PHIL 2317 History of Philosophy II

Creative Arts: 3 semester credit hours
  ARTS 1301 Exploration of the Arts

American History: 6 semester credit hours
  HIST 1301 U.S. History Survey to Civil War
  HIST 1302 U.S. Survey from Civil War

Government / Political Science: 6 semester credit hours
  GOVT 2305 American National Government
  GOVT 2306 State and Local Government

Social and Behavioral Sciences: 3 semester credit hours
One of the following:
  CRIM 1301 Introduction to Criminal Justice
CRIM 1307  Introduction to Crime and Criminology  
SOC 1301  Introduction to Sociology  

Component Area Option: 6 semester credit hours  
EPPS 2301  Research Design in the Social and Policy Sciences  
And one of the following:  
EPPS 2302  Methods of Quantitative Analysis in the Social and Policy Sciences  
EPPS 2303  Descriptive and Inferential Statistics for the Social and Policy Sciences  

II. Major Requirements: 48 semester credit hours  

Major Preparatory Courses: 6 semester credit hours beyond Core Curriculum  
ECON 2301  Principles of Macroeconomics  
ECON 2302  Principles of Microeconomics  
STAT 1342  Statistical Decision Making  

Major Core Courses: 15 semester credit hours  
ECON 3304  Basic Techniques for Economic Research  
ECON 3310  Intermediate Microeconomic Theory  
ECON 3311  Intermediate Macroeconomic Theory  
ECON 4320  Public Sector Economics  
And one of the following:  
ECON 3330  Economics of Health  
ECON 4332  Energy and Natural Resource Economics  
ECON 4382  International Finance  

Major Related Courses: 27 semester credit hours  
27 semester credit hours of upper-division ECON courses  

III. Elective Requirements: 30 semester credit hours  
This requirement may be satisfied with lower- and upper-division courses from any field of study. Students must complete at least 51 semester credit hours of upper-division courses to qualify for graduation.
Note: Students wishing to pursue Master's or PhD degrees in economics should consult their advisor about appropriate mathematics and quantitative methods courses.

Bachelor of Science in Economics

Degree Requirements (120 semester credit hours)¹

I. Core Curriculum Requirements: 42 semester credit hours²

Communication: 6 semester credit hours

COMM 1311 Survey of Oral and Technology-based Communication
RHET 1302 Rhetoric

Mathematics: 3 semester credit hours

One of the following:

MATH 1325 Applied Calculus I³
MATH 2413 Differential Calculus³,5
MATH 2417 Calculus I³,5
STAT 1342 Statistical Decision Making

Life and Physical Sciences: 6 semester credit hours

Select any 6 semester credit hours from Life and Physical Sciences core courses (see advisor)

Language, Philosophy and Culture: 3 semester credit hours

One of the following:

Social and Behavioral Sciences: 3 semester credit hours
One of the following:
   CRIM 1301  Introduction to Criminal Justice
   CRIM 1307  Introduction to Crime and Criminology
   SOC 1301  Introduction to Sociology

Component Area Option: 6 semester credit hours
   EPPS 2301  Research Design in the Social and Policy Sciences

And one of the following:
   EPPS 2302  Methods of Quantitative Analysis in the Social and Policy Sciences
   EPPS 2303  Descriptive and Inferential Statistics for the Social and Policy Sciences

II. Major Requirements: 56 hours

Major Preparatory Courses: 11 hours beyond Core Curriculum
   ECON 2301  Principles of Macroeconomics$^4$
   ECON 2302  Principles of Microeconomics$^4$
   MATH 2417  Calculus$^3$ 5
   or MATH 1325  Applied Calculus$^3$
   MATH 2419  Calculus II$^3$ 5
   or MATH 1326  Applied Calculus II
   or MATH 2414  Integral Calculus
   STAT 1342  Statistical Decision Making$^3$

Major Core Courses: 18 semester credit hours
   ECON 3310  Intermediate Microeconomic Theory
**ECON 3311** Intermediate Macroeconomic Theory
**ECON 4320** Public Sector Economics
**ECON 4351** Mathematical Economics
**ECON 4355** Econometrics
And one of the following:
**ECON 3330** Economics of Health
**ECON 4332** Energy and Natural Resource Economics
**ECON 4382** International Finance

**Major Related Courses: 27 semester credit hours**

27 semester credit hours of upper-division ECON courses

**Optional Major Core Concentrations: 9 semester credit hours**

**Green Economics**

One course from:
- **ECON 4333** Environmental Economics
- **ECON 4336** Environmental Economic Theory and Policy

Two additional courses from:
- **ECON 4320** Public Sector Economics
- **ECON 4332** Energy and Natural Resource Economics
- **ECON 4333** Environmental Economics
- **ECON 4336** Environmental Economic Theory and Policy

**International Economics**

- **ECON 4360** International Trade

Select two course from:
- **ECON 3369** Political Economy of Terrorism
- **ECON 4362** Development Economics
- **ECON 4382** International Finance
- **GEOG 3370** The Global Economy
- **GEOG 3372** Population and Development
Business Economics

Three courses from:

ECON 3312 Money and Banking
ECON 4301 Game Theory
ECON 4310 Managerial Economics
ECON 4340 Labor Economics and Human Resources
ECON 4345 Industrial Organization
ECON 4355 Econometrics
ECON 4385 Business and Economic Forecasting

III. Elective Requirements: 22 semester credit hours

This requirement may be satisfied with lower- and upper-division courses from any field of study. Students must complete at least 51 semester credit hours of upper-division courses to qualify for graduation.

Note: Students wishing to pursue Master's or PhD degrees in economics should consult their advisor about appropriate mathematics and quantitative methods courses.

1. Incoming freshmen must complete and pass UNIV 1010 Freshman Seminar and the corresponding school-related freshman seminar course. Students, including transfer students, who complete their core curriculum at UT Dallas must take UNIV 2020.

2. Curriculum Requirements can be fulfilled by other approved courses from institutions of higher education. The courses listed are recommended as the most efficient way to satisfy both Core Curriculum and Major Requirements at UT Dallas.

3. A Major requirement that also fulfills a Core Curriculum requirement. Semester credit hours are counted in Core Curriculum.

4. Indicates a prerequisite class to be completed before enrolling for upper-division classes in Economics and Finance.

5. Three semester credit hours are counted under Mathematics core, and one semester credit hour is counted under Major Preparatory Courses.

6. Semester credit hours to be counted as part of major related courses.
