Health Related Professions

Healthcare professional programs do not state a preference about an undergraduate major field, thus permitting students to choose degree programs that correspond to their special abilities and interests. Students interested in the health professions may choose any major as long as they meet the minimum requirements stated by the professional school in question. Students who wish to continue their education in any professional program of study should contact the Health Professions Advising Center (HPAC) during their first semester at UT Dallas. Pre-law internships, moot court, mock trial, and mediation are available for students from across the university who plan to practice law. Students interested in a career in law should contact the Pre-Law Advising and Resource Center (PLARC) in the Office of Undergraduate Education, FO 2.202, or by calling 972-883-6712. University Libraries

The Eugene McDermott Library and the Callier Library support the research, instruction, and community service programs of the university by providing access to information in both print and electronic forms. The libraries consist of over two and a half million items, including over 65,000 electronic journals, 1,000,000 electronic books, federal and Texas government documents, media, microforms, and maps.

The McDermott Library is a U.S. government document depository. Special collections include the Jaffe Holocaust Collection, the Wineburgh Philatelic Research Library, the Louise B. Belsterling Collection, the History of Aviation Collection, and the UT Dallas Archives. The Library also has a rare books collection. The libraries provide an ever-expanding digital collection that is available to distance learners. Users connect to these resources through the library portal at www.utdallas.edu/library. Current students have unlimited access to the digital library. The Library is also developing Treasures, a digital institutional repository to showcase the research and scholarship conducted at the university.

The librarians and staff provide competent and cordial interactions with the people they serve. Librarians provide class and individual instruction on the use of the library.

The library collections are enhanced by the Interlibrary Loan Service, which provides students with books or articles from a network of major libraries. Student research is facilitated by copiers available to duplicate from paper, microfilm, or microfiche. The McDermott Library Information Commons provides connections to our electronic material. The libraries offer students with disabilities a range of services to encourage their independent research.
