Clinical Associate Professor: Carolyn Reichert

Assistant Professor: Bernhard Ganglmair, Kyle Hyndman, Jun Li, Ningzhong Li, Arzu Ozoguz, Alessio Saretto, Christian Von-Drathen, Malcolm Wardlaw, Han (Victor) Xia, jieying Zhang

Clinical Assistant Professors: Moran Bluestein, Ayfer Gurun, Liping Ma, Anastasia V. Shcherbakova

Senior Lecturer: Frank Anderson, Anindita Bardhan, Tiffany A. Bortz, Richard Bowen, George DeCourcy, Amal El-Ashmawi, Jared Pickens, James Richards, Steven Solcher, Kathy Zolton

Degree Requirements

At least 36 semester credit hours of management coursework beyond prerequisite courses is required, including 18 semester credit hours of basic business core courses and 18 semester credit hours of graduate finance courses. The MS in Finance is designed for students with or without previous educational background in finance. Many students will select the Financial Management option, which allows them to design a program to their needs.

For students wanting a more focused program, six concentrations are available: Investment Management, Financial Analyst, Financial Risk Management, Energy Risk Management, Management of Financial Institutions, or Real Estate. The Investment Management concentration is designed for students interested in pursuing an investment career and completing the Chartered Financial Analyst (CFA) examinations. The Financial Analyst concentration is designed for students interested in corporate finance, investment banking, venture capital, private equity, or corporate restructuring and turnarounds. The Financial Risk Management concentration is designed for students with the quantitative ability to pursue a career applying quantitative methods to risk management problems and prepares students for the Financial Risk Manager (FRM) examinations. The Energy Risk Management concentration is designed for students with the quantitative ability to pursue a career applying quantitative methods to energy risk management problems and prepares students for the Energy Risk Manager (ERM)
examinations. The **Management of Financial Institutions** concentration prepares students for careers in banking or other financial institutions. The **Real Estate** concentration prepares students for various types of careers in the real estate industry. Because these concentrations have been designed to prepare students for certain certifications, students are recommended to focus on the coursework within a particular concentration in order to prepare for its associated certification. Students must maintain a 3.0 grade point average in both core courses and in aggregate courses to qualify for the MS degree.

**Prerequisites**

Calculus and basic statistics are required as prerequisites. Candidates that have not taken equivalent courses will need to take **OPRE 6303** to meet the calculus requirement and **OPRE 6301** to complete the basic statistics requirement.

**Course Requirements**

**Basic Core Courses: 18 semester credit hours**

All students enrolling in the Master of Science in Finance program must complete the following Basic Business Core courses, or their equivalents. Please see the catalog for further prerequisite information.

- **ACCT 6305** Accounting for Managers
- or **ACCT 6201** Introduction to Financial Accounting and **ACCT 6202** Introduction to Managerial Accounting
- **MECO 6303** Business Economics
- **FIN 6301** Financial Management
- **FIN 6306** Quantitative Methods in Finance
- **FIN 6310** Investment Management
- **FIN 6350** Advanced Financial Management

**Financial Management Option: 18 semester credit hours**

Students must complete six courses; of which at least three must come from category B. Students may do an internship, **FIN 6V98**, as part of this option.

**Category A:** **ACCT 6330**, **ACCT 6332**, **ACCT 6344**, **MECO 6312**, **MECO 6315**, **ECON 6305**, **ECON 6306**, **OPRE 6335**, **OPRE 7310**, **MIS 6320**, **MIS 6324**, **MIS 6344**. Note: Either **MECO 6312** or **ECON 6306** can be counted as they are substitutes.

**Concentrations: 18 semester credit hours**

Investment Management (CFA) Concentration - recommended coursework:

ACCT 6344  Financial Statement Analysis
FIN 6308  Regulation of Business and Financial Markets
