Executive Track
The Executive Track for physicians is delivered in a non-semester format. The 36 semester credit hour curriculum consists of nine 4-day residential classes. A different class is offered every two months and classes may be started at any time and taken in any order. The program is jointly taught by faculty from UT Dallas Naveen Jindal School of Management and The University of Texas Southwestern Medical Center. Eight classes are eligible for up to 36 semester credit hours each of Category 1 CME credit toward the AMA Physician's Recognition Award and CEU credit for healthcare executives. Successful completion of any five classes is recognized by the award of a Graduate Certificate in Healthcare Management. Completion of the nine healthcare management classes OR any eight classes plus a self-directed field study is recognized by the award of a Master of Science in Healthcare Management. Students must maintain a 3.0 overall grade point average in order to qualify for the MS degree.
The Executive Track MS in Healthcare Management is supported entirely by participant fees and special admission requirements apply. The class is open only to physicians with a current license to practice medicine in the U.S.
Certificate Programs - Lean Six Sigma in Healthcare Quality

Lean Six Sigma Yellow Belt in Healthcare Quality Certificate

Lean Six Sigma is a framework used in improving quality by focusing on re-engineering the processes involved in delivering a product or service. The Six Sigma concept was introduced in the mid-1980s to improve manufacturing processes and it has evolved over many decades. Lean Six Sigma has become popular in the service sector and increasingly being applied to improve the quality of healthcare processes and reducing the overall cost.
