School of Economic, Political and Policy Sciences

International Political Economy (BA, BS)

The International Political Economy program is an interdisciplinary academic program to help students function successfully in today's increasingly complex international environment. Graduates will develop skill sets that include critical thinking, knowledge of multiple cultures, and effective communication skills. Students will be prepared for analytical and administrative positions in the public, nonprofit, and for profit private sectors. The School of Economic, Political, and Policy Sciences offers both the BA and BS degrees in International Political Economy. The BA degree places greater emphasis on culture, literature, and history. The BS degree places greater emphasis on economics and international finance.

Employment prospects include, but are not limited to:

- The diplomatic corps;
- International organizations including The United Nations, World Trade Organization, World Bank, and others;
- Multinational corporations;
- Nongovernmental organizations.
