Degree Requirements

The Master of Science in Business Analytics (MS BUAN) is a STEM (Science, Technology, Engineering and Mathematics) degree program (18-24 months) at the Naveen Jindal School of Management that provides students with a broad foundation in the business intelligence and analytics area. The program includes core courses and the analytics electives organized into different tracks such as decisions and operations analytics, financial analytics, healthcare analytics, IT for analytics, and marketing analytics.

Students must maintain a 3.0 grade point average (GPA) in both core courses and in aggregate courses to qualify for the MS degree.

Course Requirements

Core Courses: 24 semester credit hours from the following

- **BUAN 6312** Applied Econometrics and Time Series Analysis
  - or **ECON 6306** Applied Econometrics
- **BUAN 6320** Database Foundations
  - or **MIS 6326** Data Management
- **BUAN 6324** Business Intelligence Software and Techniques
- **BUAN 6337** Marketing Predictive Analytics Using SAS
- **BUAN 6390** Analytics Practicum
- **BUAN 6398** Prescriptive Analytics
