Naveen Jindal School of Management

Master of Science in Energy Management

36 semester credit hours minimum

Faculty

Degree Requirements

The Master of Science in Energy Management (MS EM) is a STEM (Science, Technology, Engineering and Mathematics) degree program (18-24 months) at the Naveen Jindal School of Management that prepares students for careers in energy companies including oil, gas, renewable energy and electricity, banks and financial institutions that trade energy commodities, energy-focused consulting firms, and major energy consuming corporations.

The curriculum provides a practical learning component through projects developed by industry members that teach students how to value energy companies and projects, develop operating strategies, negotiate contracts and manage energy-specific risks. The development of the program was motivated by a high concentration of energy companies in the Dallas/Fort Worth area and the UT Dallas aim to address skill shortages in industries critical to the Texas economy. Students must maintain a 3.0 grade-point average (GPA) in both core courses and in aggregate courses to qualify for the MS degree.

Students must maintain a 3.0 grade point average in both core courses and in aggregate courses to qualify for the MS degree.

Prerequisites

Prerequisite knowledge in advanced math (probability/statistics) is required for the MS in Energy Management degree program. Applicants need to have earned a "B" or better in advanced math or its equivalent to satisfy the prerequisite. Applicants who have not satisfied this requirement may be admitted but will need to satisfy the prerequisite within the first semester of UT Dallas coursework, by taking OPRE 6301, Quantitative Introduction to Risk and Uncertainty in Business.

Course Requirements

Business Core Courses: 9 semester credit hours

- FIN 6301 Financial Management
- MECO 6303 Business Economics
OPRE 6302  Operations Management

Energy Core Courses: 15 semester credit hours

FIN 6335  Energy Finance
FIN 6336  Energy Accounting and Taxation
ENGY 6330  Energy Law and Contracts
MECO 6318  Energy Economics
OPRE 6389  Managing Energy: Risk, Investment, Technology (MERIT)

Elective Courses: 12 semester credit hours

The MS in Energy Management program offers students two options.

Option 1: Students may select 12 semester credit hours from the list of elective courses below.

Option 2: Students may select 12 semester credit hours from one of specialized tracks as outlined below if they wish to focus in a specific area of the industry.

FIN 6341  Energy Risk Management
FIN 6360  Options and Futures Markets
IMS 6343  Sustainability in a Global Business Environment
IMS 6360  International Strategic Management
IMS 6365  Cross-Culture Communication and Management
MECO 6312  Applied Econometrics and Time Series Analysis
MECO 6352  Financial Negotiation and Dispute Resolution
OB 6332  Negotiation and Dispute Resolution
OPRE 6332  Spreadsheet Modeling and Analytics
OPRE 6335  Risk and Decision Analysis
OPRE 6362  Project Management in Engineering and Operations
OPRE 6366  Global Supply Chain Management
  or OPRE 6378  Supply Chain Strategy
OPRE 6370  Global Logistics and Transportation
OPRE 6371  Purchasing, Sourcing and Contract Management
GISC 6381  Geographic Information Systems Fundamentals
ENGY 6331  Capstone Project in Energy
MS in Energy Management Tracks

Energy Risk Management Track

**FIN 6306** Quantitative Methods in Finance (and) **FIN 6360** Options and Futures Markets

or **OPRE 7310** Probability and Stochastic Processes (and) **FIN 6381** Introductory Mathematical Finance

**FIN 6341** Energy Risk Management

**MECO 6352** Financial Negotiation and Dispute Resolution

**OPRE 6335** Risk and Decision Analysis

Energy Analytics Track

**MECO 6312** Applied Econometrics and Time Series Analysis

**MKT 6337** Marketing Analytics Using SAS

**OPRE 6332** Spreadsheet Modeling and Analytics

**OPRE 6398** Prescriptive Analytics

International Energy Management Track

**IMS 6343** Sustainability in a Global Business Environment

**IMS 6360** International Strategic Management

**IMS 6365** Cross-Culture Communication and Management

**OB 6331** Power and Politics in Organization

**OB 6332** Negotiation and Dispute Resolution

**OPRE 6362** Project Management in Engineering and Operations

Energy Operations Track

**OPRE 6366** Global Supply Chain Management

**OPRE 6370** Global Logistics and Transportation

**OPRE 6371** Purchasing, Sourcing and Contract Management

**OPRE 6378** Supply Chain Strategy
