Degree Requirements

The Master of Science in Innovation and Entrepreneurship (MS IE) degree is a 36 semester credit hours degree program that prepares students to create new ventures, or pursue successful careers as investment professionals or in innovation related roles with established organizations. The program requires 12 semester credit hours of core courses. The curriculum also provides two concentration areas, the first focuses on entrepreneurial startups (New Venture Concentration), and the second on the challenges of managing entrepreneurial innovation within the more structured environment of a mature organization (Innovation Within the Corporation Concentration). Students must take a minimum of 12 semester credit hours from the courses within the two concentration areas.

An additional 12 semester credit hours of electives must be taken, including at least one course from the experiential courses (ENTP 6360, ENTP 6365, or ENTP 6398). With advanced permission, ENTP 6392 or ENTP 6V97 may be substituted for one of the experiential courses listed above. The remaining electives may be chosen from any of the concentration area courses not already taken, the other ENTP electives offered, the non-ENTP courses listed as electives below, or, with permission, from any of the other JSOM offerings in the ACCT, BPS, FIN, IMS, MIS, MKT, OB, or OPRE areas.

Students must maintain a 3.0 grade-point average (GPA) in both core courses and in aggregate courses to qualify for the MS degree.

Prerequisites

ENTP 6315 requires that students have completed a course in finance (equivalent to FIN 6301). FIN 6301 requires completion of a course in business statistics (equivalent to OPRE 6301). Candidates who have not taken equivalent courses will need to take FIN 6301 and/or OPRE 6301 to meet the prerequisite requirements. If required, one of these prerequisite courses (but not both) may be
included as an elective that will count as part of the 36 semester credit hours required for the MS degree.

Course Requirements

Core Courses: 12 semester credit hours

Each candidate must satisfactorily complete the 12 semester credit hours core consisting of the following courses:

- ACCT 6305 Accounting for Managers
- MKT 6301 Marketing Management
- ENTP 6370 Innovation and Entrepreneurship
- ENTP 6315 Entrepreneurial Finance

Concentration Area Courses: 12 semester credit hours

Each candidate must complete a minimum of 12 semester credit hours from the courses within the two concentration areas below:

New Venture Concentration

- ENTP 6375 Technology and New Product Development
- ENTP 6378 Managing the Emerging Enterprise
- ENTP 6380 Market Entry Strategies
- ENTP 6390 Business Model Innovation

Innovation Within the Corporation Concentration

- ENTP 6375 Technology and New Product Development
- ENTP 6380 Market Entry Strategies
- ENTP 6388 Managing Innovation within the Corporation
- ENTP 6390 Business Model Innovation

Elective Courses: 12 semester credit hours

Candidates must complete a sufficient number of electives to earn a minimum of 36 semester credit hours toward the MS IE degree. At least one course must be chosen from the experiential courses, which are indicated by an asterisk * below. With advance permission from the Program Director, ENTP 6392 or ENTP 6V97 may also be used to fulfill the experiential elective requirement, and these courses are indicated with a double asterisk ** below.
Any of the following ENTP courses:

- **ENTP 6311** Valuation Models and Practices

**Startup Launch Specialty**

The Startup Launch Specialty is a unique program within the framework of the MS IE degree program. Startup Launch is a competitive program for students with a significant and scalable business concept who desire to launch their venture during or immediately after completion of the degree. The program is designed to progressively develop and mature both the entrepreneur and his or her venture concept from the early startup stage to the point where it is ready for launch and represents a prime candidate for funding by the professional investment community.

Participants will be selected on the basis of their scalable business concept and entrepreneurial capability. Participants will be provided with ongoing support and mentoring by faculty and experienced entrepreneurs, space in the UT Dallas Venture Development Center, up to $25,000 in seed capital, and the opportunity to earn up to 12 semester credit hours toward the 36 semester credit hour MS IE program for progress toward the launch of their venture. Admission to the specialty is competitive and requires a separate application.
