School of Natural Sciences and Mathematics

The School of Natural Sciences and Mathematics (NS&M) houses six departments, each with graduate programs: Biological Sciences (MS, PhD); Chemistry and Biochemistry (MS, PhD); Geosciences (MS, PhD); Mathematical Sciences, emphasizing Applied Mathematics and Statistics and Actuarial Science (MS, PhD); Physics (MS, PhD); and Science and Mathematics Education (Master of Arts in Teaching). In addition, there are three interdisciplinary degrees offered: Bioinformatics and Computational Biology (MS) and Geospatial Information Sciences (MS, PhD). Each program is relatively small and thus able to provide excellent graduate student - faculty contact, while maintaining a strong research program. Increasingly, departments interact with each other in research, allowing interdisciplinary efforts to flourish. A number of well-funded Research Centers and Institutes are also housed in NS&M; these allow graduate students to approach real world, cutting edge research problems while working side by side with professional research staff and internationally recognized faculty. They are: the Center for Applied Biology; the Center for Lithospheric Studies; the UT Dallas NanoTech Institute; the Center for Quantum Electronics; and the Center for Space Sciences.

Degrees Offered

**Biological Sciences**
- Master of Science in Bioinformatics and Computational Biology (36 semester credit hours minimum)
- Master of Science in Biotechnology (36 semester credit hours minimum)
- Master of Science in Molecular and Cell Biology (36 semester credit hours minimum)
- Doctor of Philosophy in Molecular and Cell Biology (75 semester credit hours minimum beyond the baccalaureate degree)

**Chemistry and Biochemistry**
- Master of Science in Chemistry (30 semester credit hours minimum)
- Doctor of Philosophy in Chemistry (75 semester credit hours minimum beyond the baccalaureate degree)

**Geosciences**
- Master of Science in Geosciences (36 semester credit hours minimum)
- Master of Science in Geospatial Information Sciences (36 semester credit hours minimum)
- Doctor of Philosophy in Geosciences (75 semester credit hours minimum beyond the baccalaureate degree)
- Doctor of Philosophy in Geospatial Information Sciences (75 semester credit hours minimum beyond the baccalaureate degree)

**Mathematical Sciences**
- Master of Science in Actuarial Science (36 semester credit hours minimum)
• Master of Science in Bioinformatics and Computational Biology (36 semester credit hours minimum)
• Master of Science in Mathematics (36 semester credit hours minimum)
• Master of Science in Mathematics - Specialization in Applied Mathematics (36 semester credit hours minimum)
• Master of Science in Mathematics - Specialization in Engineering Mathematics (36 semester credit hours minimum)
• Master of Science in Mathematics - Specialization in Mathematics (36 hours minimum)
• Master of Science in Mathematics - Specialization in Data Science (36 semester credit hours minimum)
• Master of Science in Statistics (36 semester credit hours minimum)
• Master of Science in Statistics - Specialization in Statistics (36 semester credit hours minimum)
• Master of Science in Statistics - Specialization in Applied Statistics (36 semester credit hours minimum)
• Master of Science in Statistics - Specialization in Data Science (36 semester credit hours minimum)
• Doctor of Philosophy in Mathematics (75 semester credit hours minimum beyond the baccalaureate degree)
• Doctor of Philosophy in Statistics (75 semester credit hours beyond the baccalaureate degree)

Physics
• Master of Science in Physics (30 semester credit hours minimum)
• Doctor of Philosophy in Physics (75 semester credit hours minimum beyond the baccalaureate degree)

Science and Mathematics Education
• Master of Arts in Teaching in Science Education (36 semester credit hours minimum)
• Master of Arts in Teaching in Mathematics Education (36 semester credit hours minimum)

Interdisciplinary Studies
• Master of Science in Bioinformatics and Computational Biology (36 semester credit hours minimum)
• Master of Science in Geospatial Information Sciences (30 semester credit hours minimum)
• Doctor of Philosophy in Geospatial Information Sciences (75 semester credit hours minimum beyond the baccalaureate degree)

Faculty
Distinguished Chair in Natural Sciences and Mathematics; Dean of the School of Natural Sciences and Mathematics: Bruce M. Novak
Cecil and Ida Green Distinguished Chair in Systems Biology; Professor of Chemistry: A. Dean Sherry

Distinguished Chair in Natural Sciences and Mathematics: Roderick A. Heelis

Green Distinguished Chair in Academic Leadership: B. Hobson Wildenthal

Associate Professors: Jung-Mo Ahn, Titu Andreescu, Michael C. Biewer, Swati Biswas, Gail A. M. Breen, Thomas H. Brikowski, John G. Burr, Yan Cao, Min Chen, Jeff L. Dejong, Gregg R. Dieckmann, Yuri Gartstein, Warren J. Goux, Ernest M. Hannig, Tae Hoon Kim, Lindsay J. King, David J. Lary, Anton V. Malko, Dennis L. Miller, Homer Montgomery, Steven O. Nielsen, Paul Pantano, John W. Sibert IV, Jason D. Slinker, Mihaela C. Stefan, Mary L. Urquhart, Zhenyu Xuan, Jie Zheng

Clinical Professors: Natalia Humphreys, Wenyi (Roy) Lu, David Murchison

Research Professor: Duck Joo (D. J.) Yang

Research Assistant Professors: Monique Duncan, Lan Guo, Li Liu

Associate Professor Emeritus: James L. Carter

Overzet, Jonathan E. Ploski, Manuel Quevedo-Lopez, A. Dean Sherry, Robert J. Stern, Lucien (Tres) Thompson, Mary L. Urquhart, Walter E. Voit, Amy V. Walker, John J. Wiorkowski, Zhenyu Xuan, Duck Joo (D. J.) Yang, Hyuntae Yoo, Anvar A. Zakhidov, Michael Qiwei Zhang, John Zweck

Adjunct Faculty from the Research for Mathematics of the Mexican Council and Technology: Jose Gomez-Larranaga, Adolfo (Sanchez) Valenzuela
