HMG4321 - Introduction to Healthcare Information Systems

HMG4321 Introduction to Healthcare Information Systems (3 semester credit hours) Examines key processes in healthcare organizations and how information systems support the delivery of healthcare services. The course also deals with issues surrounding the selection, implementation, and use of electronic medical records (EMR) and provides opportunities to work hands-on with EMR software. Prerequisites: HMG4301 and ITSS 3300. (Same as ITSS 4320) (3-0) Y
