ITSS4390 - Information Systems Capstone

ITSS 4390 Information Systems Capstone (3 semester credit hours) Project-based capstone course. Student groups apply management information technology and information systems principles and techniques which may include the analysis, design, and/or testing of information systems. They will also analyze organizational impacts associated with acquiring, designing, developing, and delivering information systems solutions. As a designated communication-enhanced course, ITSS 4390 also focuses on the refinement of students' business communications skills and their use of writing as a critical-thinking and learning tool. Students may also choose to take a 3 credit hour internship to satisfy this requirement. This course may also be used to satisfy the internship requirement. Prerequisite: ITSS 4330. (3-0) Y
