Graduate Programs

The University of Texas at Dallas offers graduate programs across its eight schools. Students may view semester class schedules, class syllabi, and faculty vitae at coursebook.utdallas.edu.

- School of Arts and Humanities
- School of Arts, Technology, and Emerging Communication
- School of Behavioral and Brain Sciences
- School of Economic, Political and Policy Sciences
- Erik Jonsson School of Engineering and Computer Science
- School of Interdisciplinary Studies
- Naveen Jindal School of Management
- School of Natural Science and Mathematics

School of Arts and Humanities

History

- Master of Arts in History (36 semester credit hours minimum)

Humanities

- Master of Arts in History of Ideas (33 semester credit hours minimum)
- Master of Arts in Humanities (33 semester credit hours minimum)
- Master of Arts in Literature (33 semester credit hours minimum)
- Master of Arts in Visual and Performing Arts (33 semester credit hours minimum)
- Doctor of Philosophy in History of Ideas (60 semester credit hours minimum beyond the master's degree)
- Doctor of Philosophy in Humanities (60 semester credit hours minimum beyond the master's degree)
- Doctor of Philosophy in Literature (60 semester credit hours minimum beyond the master's degree)
- Doctor of Philosophy in Visual and Performing Arts (60 semester credit hours minimum beyond the master's degree)

Latin American Studies
Certificates Offered

- Certificate in Holocaust Studies (15 semester credit hours)

School of Arts, Technology, and Emerging Communication

Master of Arts in Arts, Technology, and Emerging Communication (36 semester credit hours minimum)

- MA in Arts, Technology, and Emerging Communication - Game Studies Pathway
- MA in Arts, Technology, and Emerging Communication - Interaction Design Pathway
- MA in Arts, Technology, and Emerging Communication - Networked Cultures Pathway

Master of Fine Arts in Arts, Technology, and Emerging Communication (54 semester credit hours minimum)

- MFA in Arts, Technology, and Emerging Communication - Animation Pathway
- MFA in Arts, Technology, and Emerging Communication: Creative Practice Pathway
- MFA in Arts, Technology, and Emerging Communication - Game Development Pathway

Doctor of Philosophy in Arts, Technology, and Emerging Communication (60 semester credit hours minimum)

School of Behavioral and Brain Sciences

Applied Cognition and Neuroscience

- Master of Science in Applied Cognition and Neurosciences (36 semester credit hours minimum)

Communication Disorders

- Master of Science in Communication Disorders (48 semester credit hours minimum)

Human Development and Early Childhood Disorders

- Master of Science in Human Development and Early Childhood Disorders (42 semester credit hours minimum)

Psychological Sciences

- Master of Science in Psychological Sciences (36 semester credit hours minimum)
Audiology Program

**Doctor of Audiology** (100 semester credit hours)

BBS Doctoral Programs

**Doctor of Philosophy in Cognition and Neuroscience** (75 semester credit hours minimum beyond the baccalaureate degree)

**Doctor of Philosophy in Communication Sciences and Disorders** (75 semester credit hours minimum beyond the baccalaureate degree)

**Doctor of Philosophy in Psychological Sciences** (75 semester credit hours minimum beyond the baccalaureate degree)

School of Economic, Political and Policy Sciences

Criminology

**Master of Science in Criminology** (36 semester credit hours minimum)

**Executive Master of Science in Justice Administration and Leadership** (30 semester credit hours minimum)

**Doctor of Philosophy in Criminology** (75 semester credit hours minimum beyond the baccalaureate degree)

Economics

**Master of Science in Economics** (36 semester credit hours minimum)

**Doctor of Philosophy in Economics** (75 semester credit hours minimum beyond the baccalaureate degree)

Geospatial Information Sciences

**Master of Science in Geospatial Information Sciences** (36 semester credit hours minimum)

**Doctor of Philosophy in Geospatial Information Sciences** (75 semester credit hours minimum beyond the baccalaureate degree)

Political Science

**Master of Arts in Political Science** (30 semester credit hours minimum)

- **MA in Political Science - Law and Courts Concentration**
- **MA in Political Science - Legislative Studies Concentration**

**Doctor of Philosophy in Political Science** (75 semester credit hours minimum beyond the
Public Affairs

- **Master of Public Affairs** (36 semester credit hours minimum)
- **Doctor of Philosophy in Public Affairs** (54 semester credit hours minimum beyond the baccalaureate degree)

Public Policy and Political Economy

- **Master of Science in International Political Economy** (36 semester credit hours minimum)
- **Master of Science in International Political Economy Dual Degree** (36 semester credit hours minimum)
- **Master of Public Policy** (36 semester credit hours minimum)
- **Doctor of Philosophy in Public Policy and Political Economy** (75 semester credit hours minimum beyond the baccalaureate degree)

Social Data Analytics And Research

- **Master of Science in Social Data Analytics and Research** (36 semester credit hours minimum)

Sociology

- **Master of Science in Applied Sociology** (36 semester credit hours minimum)

Certificates Offered

- **Certificate in Economic and Demographic Data Analysis** (15 semester credit hours)
- **Certificate in Geographic Information Systems (GIS)** (15 semester credit hours)
- **Certificate in Geospatial Intelligence (GeoInt)** (15 semester credit hours)
- **Certificate in Local Government Management** (15 semester credit hours)
- **Certificate in Nonprofit Management** (15 semester credit hours)
- **Certificate in Program Evaluation** (15 semester credit hours)
- **Certificate in Remote Sensing** (15 semester credit hours)

Erik Jonsson School of Engineering and Computer Science

Biomedical Engineering

- **Master of Science in Biomedical Engineering** (33 semester credit hours minimum)
Doctor of Philosophy in Biomedical Engineering (75 semester credit hours beyond the baccalaureate degree)

Computer Engineering

Master of Science in Computer Engineering (33 semester credit hours minimum)

Doctor of Philosophy in Computer Engineering (75 semester credit hours beyond the baccalaureate degree)

Computer Science

Master of Science in Computer Science (33 semester credit hours minimum)

Doctor of Philosophy in Computer Science (75 semester credit hours beyond the baccalaureate degree)

Electrical Engineering

Master of Science in Electrical Engineering (33 semester credit hours minimum)

Doctor of Philosophy in Electrical Engineering (75 semester credit hours beyond the baccalaureate degree)

Geospatial Information Sciences

Doctor of Philosophy in Geospatial Information Sciences (75 semester credit hours beyond the baccalaureate degree)

Materials Science and Engineering

Master of Science in Materials Science and Engineering (33 semester credit hours minimum)

Doctor of Philosophy in Materials Science and Engineering (75 semester credit hours beyond the baccalaureate degree)

Mechanical Engineering

Master of Science in Mechanical Engineering (33 semester credit hours minimum)

Doctor of Philosophy in Mechanical Engineering (78 semester credit hours beyond the baccalaureate degree)

Software Engineering

Master of Science in Software Engineering (33 semester credit hours minimum)

Doctor of Philosophy in Software Engineering (75 semester credit hours beyond the baccalaureate degree)
Systems Engineering

**Master of Science in Systems Engineering and Management** (36 semester credit hours minimum)

Telecommunications Engineering

**Master of Science in Telecommunications Engineering** (33 semester credit hours minimum)

**Doctor of Philosophy in Telecommunications Engineering** (75 semester credit hours beyond the baccalaureate degree)

Certificates Offered

- **Certificate in Cybersecurity Systems** (12 semester credit hours)
- **Certificate in Information Assurance** (15 semester credit hours)
- **Certificate in Systems Engineering** (12 semester credit hours)
- **Certificate in Systems Management** (12 semester credit hours)

School of Interdisciplinary Studies

**Master of Arts in Interdisciplinary Studies** (36 semester credit hours minimum)

Certificates Offered

- **Post-Baccalaureate Program for Teacher Certification**
- **Teacher Education Certification**

Naveen Jindal School of Management

**Accounting**

**Master of Science in Accounting** (36 semester credit hours minimum)

**Business Administration**

**Master of Business Administration** (53 semester credit hours minimum)

**Business Analytics**

**Master of Science in Business Analytics (STEM)** (36 semester credit hours minimum)

**Energy Management**
Master of Science in Energy Management (STEM) (36 semester credit hours minimum)

Finance

Master of Science in Finance (36 semester credit hours minimum)

Financial Engineering and Risk Management

Master of Science in Financial Engineering and Risk Management (STEM) (36 semester credit hours minimum)

Healthcare Leadership and Management

Master of Science in Healthcare Leadership and Management (36 semester credit hours minimum)

Information Technology and Management

Master of Science in Information Technology and Management (STEM) (36 semester credit hours minimum)

Innovation and Entrepreneurship

Master of Science in Innovation and Entrepreneurship (36 semester credit hours minimum)

International Management Studies

Master of Science in International Management Studies (36 semester credit hours minimum)

Management Science

Master of Science in Management Science (STEM) (36 semester credit hours minimum)

Marketing

Master of Science in Marketing (36 semester credit hours minimum)

Supply Chain Management

Master of Science in Supply Chain Management (STEM) (36 semester credit hours minimum)

Systems Engineering and Management

Master of Science in Systems Engineering and Management (STEM) (36 semester credit hours minimum)

JSOM Doctoral Programs

Doctor of Philosophy in International Management Studies (75 semester credit hours minimum)
Executive Education Programs

Certificates Offered

- Graduate Certificate in Business Intelligence and Data Mining (12 semester credit hours minimum)
- Graduate Certificate in Corporate Innovation (9 semester credit hours minimum)
- Graduate Certificate in Cybersecurity Systems (12 semester credit hours minimum)
- Graduate Certificate in Enterprise Systems (9 semester credit hours minimum)
- Graduate Certificate in Executive and Professional Coaching (15 semester credit hours minimum)
- Graduate Certificate in Healthcare Information Technology (9 semester credit hours minimum)
- Graduate Certificate in Lean Six Sigma (Yellow/Green) in Healthcare Quality (12 semester credit hours minimum)
- Graduate Certificate in New Venture Entrepreneurship (9 semester credit hours minimum)
- Graduate Certificate in Product Lifecycle and Supply Chain Management (15 semester credit hours minimum)
- Graduate Certificate in Project Management (20 semester credit hours minimum)
- Graduate Certificate in Research Foundations in Accounting (15 semester credit hours minimum)
- Graduate Certificate in Systems Engineering (12 semester credit hours minimum)
- Graduate Certificate in Systems Management (12 semester credit hours minimum)

School of Natural Science and Mathematics

Biological Sciences

- Master of Science in Bioinformatics and Computational Biology (36 semester credit hours minimum)
- Master of Science in Biotechnology (36 semester credit hours minimum)
- Master of Science in Molecular and Cell Biology (36 semester credit hours minimum)
Doctor of Philosophy in Molecular and Cell Biology (75 semester credit hours minimum beyond the baccalaureate degree)

Chemistry and Biochemistry

Master of Science in Chemistry (30 semester credit hours minimum)

Doctor of Philosophy in Chemistry (75 semester credit hours minimum beyond the baccalaureate degree)

Geosciences

Master of Science in Geosciences (36 semester credit hours minimum)

Master of Science in Geospatial Information Sciences (36 semester credit hours minimum)

Doctor of Philosophy in Geosciences (75 semester credit hours minimum beyond the baccalaureate degree)

Doctor of Philosophy in Geospatial Information Sciences (75 semester credit hours minimum beyond the baccalaureate degree)

Mathematical Sciences

Master of Science in Actuarial Science (36 semester credit hours minimum)

Master of Science in Bioinformatics and Computational Biology (36 semester credit hours minimum)

Master of Science in Mathematics (36 semester credit hours minimum)

• MS in Mathematics - Specialization in Applied Mathematics
• MS in Mathematics - Specialization in Engineering Mathematics
• MS in Mathematics - Specialization in Mathematics
• MS in Mathematics - Specialization in Data Science

Master of Science in Statistics (36 semester credit hours minimum)

• MS in Statistics - Specialization in Statistics
• MS in Statistics - Specialization in Applied Statistics
• MS in Statistics - Specialization in Data Science

Doctor of Philosophy in Mathematics (75 semester credit hours minimum beyond the baccalaureate degree)

Doctor of Philosophy in Statistics (75 semester credit hours beyond the baccalaureate degree)

Physics

Master of Science in Physics (30 semester credit hours minimum)
**Doctor of Philosophy in Physics** (75 semester credit hours minimum beyond the baccalaureate degree)

Science and Mathematics Education

**Master of Arts in Teaching in Science Education** (36 semester credit hours minimum)

**Master of Arts in Teaching in Mathematics Education** (36 semester credit hours minimum)

Interdisciplinary Studies

**Master of Science in Bioinformatics and Computational Biology** (36 semester credit hours minimum)

**Master of Science in Geospatial Information Sciences** (30 semester credit hours minimum)

**Doctor of Philosophy in Geospatial Information Sciences** (75 semester credit hours minimum beyond the baccalaureate degree)

**Certificates Offered**

- **Graduate Certificate in Data Science** (12 semester credit hours)
- **Teacher Education Certification**

1. Program jointly offered by the School of Economic, Political and Policy Sciences and School of Natural Sciences and Mathematics.

2. Program jointly offered by the School of Economic, Political and Policy Sciences, Erik Jonsson School of Engineering and Computer Science, and School of Natural Sciences and Mathematics.

3. Program offered jointly by the Erik Jonsson School of Engineering and Computer Science and the Naveen Jindal School of Management.
