HMGT4380 - Capstone in Healthcare Management

<u>HMGT 4380</u> Capstone in Healthcare Management (3 semester credit hours) Students (in teams) are expected to develop strategic plans and initiatives related to contemporary issues facing ambulatory care, hospital care, and long term care. The assigned case studies will expose the teams to issues related to information technology, financials/accounting, regulatory, strategy, and policy. Teams will assess organizational challenges, determine effective strategies/responses, propose solutions, and identify potential impacts/results. A panel of local healthcare leaders will participate in critiquing solutions and providing real-life possibilities. Prerequisities: <u>HMGT 3301</u> and <u>HMGT 3310</u> and <u>HMGT 3311</u> and <u>HMGT 4321</u> and <u>ECON 3330</u>. (3-0) Y
