Undergraduate Minors

Some academic units designate a set of classes that constitute a minor in that academic unit. The requirements of the minor are set by the faculty of the academic unit offering the minor, not by the academic unit of the student's major field of study. Major or certificate required semester credit hours and courses may not be used to satisfy minor requirements; however, free elective or major preparatory semester credit hours and courses may be used to satisfy the minor if these are not a part of the certificate requirements. At least one-third of the semester credit hours for a minor must be taken at The University of Texas at Dallas.

Students may consult with an academic advisor in their major field of study as they select recommended courses to satisfy the minor's requirements. Students may view semester class schedules, class syllabi, and faculty vitae at coursebook.utdallas.edu.

- School of Arts and Humanities
- School of Behavioral and Brain Sciences
- School of Economic, Political and Policy Sciences
- Erik Jonsson School of Engineering and Computer Science
- School of Interdisciplinary Studies
- Naveen Jindal School of Management
