Undergraduate Admission

Application Fees and Deadlines

All fees are non-refundable.

- The application fee is $50 if your application is completed on or before the regular application deadline.
- Applicants with international academic documents will be assessed an additional one-time foreign credential evaluation fee of $50.
- For an application to be considered complete, all supporting documents, such as test scores and transcripts with the exception of courses in progress, must be received by the Office of Admission and Enrollment by the application deadline (see freshmen and transfer admission requirements).
- Students who do not enroll or defer by the Census Day of their original term of admission must complete a new application.

UT Dallas encourages all students to complete and submit their application as early as possible as it can take from 4 to 6 weeks to process. An admission decision may not be made in time for registration on applications completed and submitted after the regular application deadline. Applications received after the regular application deadline will be charged an additional late fee of $75.
