School of Natural Sciences and Mathematics

Actuarial Science (BS)

The Bachelor of Science Actuarial Science (AS) Program at The University of Texas at Dallas is administered through the Department of Mathematical Sciences.

Students receive rigorous mathematical background including all the major courses taken by students majoring in mathematics or statistics. Further, a number of courses devoted to computer science, finance, economics, accounting, statistics, insurance, information technology and actuarial science are required. All students are prepared to take four actuarial preliminary exams (Probability - P/1, Financial Mathematics - FM/2, Investment and Financial Markets - IFM/3F, Statistics for Risk Modeling - SRM) and achieve Validation of Educational Experience (VEE) credits in accounting and corporate finance, economics, and mathematical statistics. Students also receive rigorous instruction in preparation for a major part of the two additional actuarial preliminary exams (Long Term Actuarial Mathematics - LTAM/LC and Short Term Actuarial Mathematics - STAM/4) as well as for the two CAS Exams (Modern Actuarial Statistics I and II - MAS I and MAS II). Upon completion of this program, a student will have the knowledge and business background necessary to pursue a career as an actuary, as well as to undertake graduate study in actuarial science, statistics, mathematics, economics, or finance.

Bachelor of Science in Actuarial Science

Degree Requirements (120 semester credit hours)

View an Example of Degree Requirements by Semester

Faculty

Associate Professors: Maxim Arnold, Yan Cao, Liang Hong, Yifei Lou, Oleg Makarenkov, Tomoki Ohsawa, Anh Tran

Assistant Professors: Carlos Arreche, Sy Han (Steven) Chiou, Ronan Conlon, Qiwei Li, Stephen McKeown, Sunyoung Shin, Chuan-Fa Tang, Nathan Williams, Yunan Wu

Professors Emeriti: Larry P. Ammann, Patrick Odell, John W. Van Ness

Clinical Professor: Natalia Humphreys

Clinical Associate Professor: Mohammad Akbar
I. Core Curriculum Requirements: 42 semester credit hours

**Communication: 6 semester credit hours**

COMM 1311 Survey of Oral and Technology-based Communication

RHET 1302 Rhetoric

Or select any 6 semester credit hours from Communication Core courses (see advisor)

**Mathematics: 3 semester credit hours**

MATH 2417 Calculus I

Or select any 3 semester credit hours from Mathematics Core courses (see advisor)

**Life and Physical Sciences: 6 semester credit hours**

PHYS 2325 Mechanics

or PHYS 2421 Honors Physics I - Mechanics and Heat

or CHEM 1311 General Chemistry I

or CHEM 1315 Honors Freshman Chemistry I

PHYS 2326 Electromagnetism and Waves

or PHYS 2422 Honors Physics II - Electromagnetism and Waves

or CHEM 1312 General Chemistry II

or CHEM 1316 Honors Freshman Chemistry II

Or select any 6 semester credit hours from Life and Physical Sciences Core courses (see advisor)

**Language, Philosophy and Culture: 3 semester credit hours**

HUMA 1301 Exploration of the Humanities

Or select any 3 semester credit hours from Language, Philosophy and Culture Core courses (see advisor)
Creative Arts: 3 semester credit hours

**ARTS 1301** Exploration of the Arts

Or select any 3 semester credit hours from Creative Arts Core courses (see advisor)

American History: 6 semester credit hours

**HIST 1301** U.S. History Survey to Civil War

**HIST 1302** U.S. History Survey from Civil War

Or select any 6 semester credit hours from American History Core courses (see advisor)

Government/Political Science: 6 semester credit hours

**GOVT 2305** American National Government

**GOVT 2306** State and Local Government

Or select any 6 semester credit hours from Government/Political Science Core courses (see advisor)

Social and Behavioral Sciences: 3 semester credit hours

**ECON 2302** Principles of Microeconomics

Or select any 3 semester credit hours from Social and Behavioral Sciences Core courses (see advisor)

Component Area Option: 6 semester credit hours

**MATH 2417** Calculus I

**MATH 2419** Calculus II

**PHYS 2125** Physics Laboratory

or **PHYS 2421** Honors Physics I - Mechanics and Heat

or **CHEM 1111** General Chemistry Laboratory

Or select any 6 semester credit hours from Component Area Option courses (see advisor)

II. Major Requirements: 77-78 semester credit hours

Major Preparatory Courses: 29-30 semester credit hours beyond Core Curriculum

**UNIV 1010** Freshman Seminar

**NATS 1101** Natural Sciences and Mathematics Freshman Seminar

**ACCT 2301** Introductory Financial Accounting
**Major Core Courses: 48 semester credit hours**

- **ACTS 4301** Long Term Actuarial Mathematics I
- **ACTS 4302** Investment and Financial Markets I
- **ACTS 4303** Long Term Actuarial Mathematics II
- **ACTS 4304** Short Term Actuarial Mathematics I
- **ACTS 4305** Short Term Actuarial Mathematics II
- **ACTS 4307** Statistics for Risk Modeling
ACTS 4308 Actuarial Financial Mathematics
ACTS 4309 Investment and Financial Markets II
MATH 3351 Advanced Calculus
MATH 4334 Numerical Analysis
ITSS 3300 Information Technology for Business
ITSS 4301 Database Systems
STAT 3355 Data Analysis for Statisticians and Actuaries
STAT 4351 Probability
STAT 4352 Mathematical Statistics
STAT 4382 Stochastic Processes

III. Elective Requirements: 0-1 semester credit hour

RMIS 3370 Principles of Risk Management and Insurance
RMIS 4331 Business Liability Risk Management and Insurance
MATH 3310 Theoretical Concepts of Calculus
MATH 3311 Abstract Algebra I
MATH 3379 Complex Variables

Preparation for Actuarial Exams

Exam 1/P: STAT 4351
Exam 2/FM: ACTS 4308
Exam 3L/LTAM: ACTS 4301 and ACTS 4303
Exam 3F/IFM: ACTS 4302 and ACTS 4309
Exam 4/STAM: ACTS 4304 and ACTS 4305
Exam SRM: ACTS 4307

Validation by Educational Experience (VEE) Credits

Mathematical Statistics: STAT 3355 and STAT 4352
Accounting and Corporate Finance: ACCT 2302 and ACTS 4302
Economics: ECON 2301 and ECON 2302

Fast Track Baccalaureate/Master's Degrees

In response to the need for post-baccalaureate education, a Fast Track program is available to well-
qualified UT Dallas undergraduate students. Qualified seniors may take up to 15 graduate semester credit hours that may be used to complete the baccalaureate degree and also to satisfy the requirements for the master's degree. Interested students should see the Associate Dean of Undergraduate Education (ADU) for specific requirements.

1. Incoming freshmen must enroll and complete requirements of UNIV 1010 and the corresponding school-related freshman seminar course. Students, including transfer students, who complete their core curriculum at UT Dallas must take UNIV 2020.

2. Curriculum Requirements can be fulfilled by other approved courses from accredited institutions of higher education. The courses are recommended as the most efficient way to satisfy both Core Curriculum and Major Requirements at UT Dallas.

3. A required Major preparatory course that also fulfills a Core Curriculum requirement. Semester credit hours are counted in Core Curriculum.

4. Three semester credit hours of Calculus are counted to fulfill the Mathematics Core Requirement with the remaining one semester credit hour to be counted under Component Area Option Core Requirement.

5. Students may choose one of the following calculus sequences: (a) MATH 2413, MATH 2414, and MATH 2415; or (b) MATH 2417 and MATH 2419.

6. Six semester credit hours of Physics or Chemistry are counted under Science core, and one semester credit hour of Physics or Chemistry (PHYS 2125 or CHEM 1111) are counted under Component Area Option core.

7. Please consult your advisor if selecting Honors Physics.

8. Students may use three semester credit hours of PHYS 2421 to count under Science core, and one semester credit hour of PHYS 2421 under Component Area Option core.

9. MATH 2370 will provide a better preparation for MATH 4334 Numerical Analysis course.

10. Students who complete PHYS 2421 do not need to complete PHYS 2125.
